Presentations what you anticipated?

- **Nine attendees said yes**
- **Mostly—not sure what to expect**
- **Great and eye-opening**
- **Those I attended were well done**
- **The workshops were AWESOME. I wanted more of a background on euthanasia.**
- **Somewhat**
- **I would have liked to have more information on stem cell research.**
- **More so**
- **Workshops were very enlightening**
- **Very informative**
- **GREAT!**

How to improve future sessions:

- Give each person a list of all events and time
- To be able to attend all the sessions
- Longer day
- Podium for speakers, room
- Speakers be there
- Stem cell research - too much political (about Bush)
- Finding sessions I signed up for was difficult. Directions to the sessions were confusing
- Want to know more about stem cell research—couldn't attend session
- Have women speak louder or turn up volume
- Have a passing break between sessions (5 -10 mins.)—maybe a passing bell.
- Need a program with a site map showing times and locations of each session

List any ideas or suggestions on how we can reach more people and increase attendance at future events.

- See if District will e-mail to all clergy
- Phone pastors/congregations
- More "publication" (publicity intended here) outside the church
- Numerous responses of: bulletin inserts, develop a Lutherans for life e-mail list
- Check out internet advertising
- Have someone go to churches and speak about this and invite
- We who attended must speak out about the importance of LFL
- Advertise (PR)
- Keep on praying
- Advertise more (PR)

If you have any ideas or suggestions for future speakers or programs, please jot them down.

- Abstinence education is for ALL ages and should be a B deal.

- Greg Kokul of "Stand to Reason" organization
- More and constant publicity

Does your congregation publicize the SVC LFL, its Website, meetings and activities? May we send you info about future events and/or Chapter meetings? If yes, please print your physical or e-mail address below. The info will be kept....
