San Luis Obispo is holding a workshop on 06/02/18 which Lydia, Chuck, Tina, Holly would be willing to go to, but we do not know the price of registration. An email was sent to the head of registration for more information. There was discussion of whether someone should attend or not. We agreed that we would pay no more than \$100 per person, with four people attending. If it will be more than \$100, then the president will contact the board members. Mileage will be included.

We discussed giving donations to others such as DeOro Caregiver, Senior Care Solutions with Carol, Elder Care Management, 40 days 4 life with Wynette Sills, and Sacramento Life Center.

We also discussed event wise what we should do. Workshops were discussed, and that attending the training in San Luis Obispo would be a good stepping stone for future events.

It was discussed that we may wait for donation to other non-profits until LFL would be able to put on an event.

It was moved and seconded that we donate \$250 to the 7th Annual Clergy Event, directly donated to Senior Care Solutions.
