Remembering past members and supporters.

Description of what Lutherans for Life and all it's avenues stands for.

What LFL future holds and thge need for new members.

Dr. Abshire discussed dealing with pain and life issues with attitude, focus and perspective. With life issues a little worry is healthy but a lot of worry is debilitating. Out of body experiences were shared.

Pastor Knippa shared about keeping our eyes focused on God. To focus on how God promises to work. Being a support group for all life issues.

Future event ideas could be:

- Get togethers
- Adopt a grandparent
- Worship in convalescent homes
- Suicide topics with guest singer George Tift
- Post abortion care
- Autism

Douglas Brauer on euthanasia, death, suicide and being a source of information for those in need. How to continue this organization with continuity? Making an executive paid position for someone with a passion for life and all it's issues.

Being a resource for churches who would like to host life events. Suppling speakers and help with advertising.

**Close in prayer ...** Pastor Knippa

**Respectfully submitted by**
